EXPLANATION OF THE GAS METER

Each division on the right hand circle denotes 100 feet, and on the left hand circle, 10,000 feet. To take a statement from the meter, begin at the left and set down the lowest figures next to the hands on each circle, which in the diagram are 3, 2 and 3; showing the statement to be \$3,300. If at a former observation the hands were at the dotted lines, the statement then was \$0,900; and the difference between the two statements is the amount of gas consumed—viz., 12,400 cubic feet.

April 7, 1926

Mr. W. H. Russell,
2215 Packard Bldg.,
Philadelphia, Pa.

Dear Sir:

Enclosed you will find a cut of chair #392 $\frac{1}{2}$.
The price in Oak Finish is \$38.00.

Please be advised that this is a stock piece
with our manufacturer but not with the John Wanamaker
Store although we would be pleased to secure this
for you if Miss Morris desires. This would be a
special chair for the John Wanamaker Store and must be
ordered and would not be subject to cancellation or
exchange.

Awaiting your reply with much interest, we
are,

Yours very truly,

JOHN WANAMAKER PHILADELPHIA

Philadelphia Jan 17th 1927

C/O Mr Russel

I have gone over the bills for work done
at the farm at Chestnut Hill and find that there was \$ 145.00
for electrical material and \$160.00 for labor. Hoping this will
give you the information you need in reference to this.

Yours Truly
