

Morris the Merrie Little Owl *Scavenger Hunt*

This scavenger hunt is two puzzles in one. First use the clues below to find where in the Arboretum the owl is hiding. Then you need to spot Morris at each location and write down what letter he's holding in his talons to learn an owl fact.

Tip: The Arboretum Visitor Guide can prove a help.

What letter did you find?

Out on a limb
I'll rest 'til it's late.
While you act like a squirrel
I'll calmly wait.

Where am I? _____

There is only one owl with "horns"
But most of these flowers have thorns
Above the garden we can meet
If you take a look near Lydia's seat.

Where am I? _____

Trees all of oak
Aligned in two rows
Watching over the plaza
I'm striking a pose.

Where am I? _____

Before refrigerators, to keep your food cold
You used this place, or so I am told.
Next door you can sit in this neat little house
While I perch quietly and wait for a mouse.

Where am I? _____

"You're keeping me awake
With that Toot! Toot! Toot!"
I tell these track rollers
But they don't give a Hoot!

Where am I? _____

What letter did you find?

They won't let me in to this nice warm place
Only goldfish, koi and ferns may share
the space
I guess they're afraid I'll eat their fish
They're probably right, I'll bet they're delish!

Where am I? _____

I feel right at home on this house made of logs
With the stream running by and the splashing
of frogs
It's peaceful and calm, a delightful retreat
The towering trees give shade from the heat.

Where am I? _____

We have much in common
This fellow and I
Like me he's got wings
And can take to the sky.

Where am I? _____

Not red, not yellow
But a color in between
Is in the name of this structure
Where I might be seen.

Where am I? _____

I must hunt for my food
In order to eat
But you can stop here
For a drink or a treat.

Where am I? _____
