January 23, 1928.

My dear Mr. Borland:

I am sending enclosed check in amount \$100 in payment of rental of Penn State St. Mawes Boy for the year ending July, 1928.

The young man has been examined for t. b. and has passed the test and is also receiving the best care which it is possible for us to give him at Chestnut Hill.

Up to the present time he has ~~sired~~ five heifer and three bull calves. The heifers are growing up nicely while the bulls have been disposed of via the veal route as there seemed to have been no other use for them.

With due appreciation of the courtesies extended in this connection,

Sincerely,

Professor A. A. Borland

BILLS RENDERED MONTHLY

October 18, 1928.

Dr. T. S. Carlisle
Gravers & Norwood Ave.
Chestnut Hill
Philadelphia, Pa.

My dear Doctor:-

I am returning enclosed check of
Jonas P. Fisher & Sons, in amount \$65.00,
being the proceeds of two head of cattle
sold to them for us through you.

I am also returning your bill for
\$39.00 with the request that you credit the
proceeds of the check towards the bill and
that for the present month and we can make
a settlement at that time as the case may
appear.

I am also enclosing a letter from
T. E. Munce regarding the shipment of the
young bull at the farm to Vermont, from which
you will note his statement that a certificate
permitting the shipment must first be obtained
from the Live Stock Commissioner at Montpelier,
Vermont.

In this connection do we come under
the State federal supervision class referred
to in the 4th paragraph of his letter.

#2.

I called you up two mornings from the Farm before 8 o'clock, but you had gone. This morning, we have another fine young heifer out of #57, which Bill says is the best and liveliest heifer calf he has seen on the place, so I expect he will want to see you in the near future regarding this new arrival. Both dam and offspring seems to be doing well.

Sincerely,

Dear Doctor:

Regarding the papers for the bull calf to be shipped to Vermont, I do not know whether the party desires to have him registered or not and I think under the circumstance you can merely indicate on the papers the fact that the calf is eligible but not yet registered, and as we are claiming no indemnity for loss under the State regulations, I do not see that it will make any difference how the animal is reported, and later if they desire to register him, we can furnish the owner with the necessary papers from this office.

Sincerely,
