

Morris Arboretum of the
University of Pennsylvania

Official arboretum of the Commonwealth of Pennsylvania

Winter Interest **DECEMBER**

Hamamelis virginiana
(common witch hazel)

This large, medicinal shrub adds soft yellow color to the landscape from October through December.

Stewartia pseudocamellia
(Japanese stewartia)

Stewartia's muscled form and exfoliating bark gives it year-round interest!

Ilex verticillata 'Winter Gold'
(Winter Gold common winterberry)

Winterberry, in the *Aquifoliaceae*, adds bright color to the Arboretum.

Azalea Meadow

Bark Park

Below the Wisteria Walk

Holly Slope

Orange Balustrade

Wetlands

Ilex meserveae
(meserve holly)

The blue-green foliage is a common trait of this cold-hardy holly, a hybrid of *I. aquifolium* and *I. rugosa*.

Camellia oleifera
(tea oil camellia)

The tea oil camellia gives a pop of color to the Arboretum when little else is in bloom!

Betula nigra
(river birch)

Check out the small grove of river birches that line the western shore of our wetland pond.
